KARTHICK KUMAR

SOFTWARE ENGINEER

PROFESSIONAL PROFILE

To leverage my technical expertise and problem-solving skills in a dynamic IT company, contributing to the development and implementation of innovative solutions while continuously expanding my knowledge and capabilities in the field

WORK EXPERIENCE

Datayaan Solutions Private Limited . Chennai, Tamil nadu

April 2023 - Present

Training:

1. Develop a YouTube-clone application leveraging React.js, Material-UI (MUI), and Firebase. Implement a login feature to personalize video suggestions, ensuring responsiveness across various devices.
2. Create a Flipkart clone utilizing React.js and Material-UI (MUI), incorporating features such as filtering and adding items to a card.

Project:

Fleet Tracking Management:

Develop a vehicle and delivery tracking system with a user-friendly interface using React.js, REST API Integration using axios, Material-UI (MUI), Firebase, TypeScript and Redux toolkit. Used Google Maps integration for real-time tracking, live data updates via socket connections, dynamic dashboards, seamless chart integration, and responsiveness. Additionally, implement React unit testing to ensure robust functionality.

EDUCATION

Bachelor of Science

Udaya college of arts and science, Nagarcoli, Tamil nadu

Bsc, Computer Science, May. 2022
