## Profile Summary

- ✓ 2.9 years of IT experience specializing in .Net backend development, database design, across Test and Production environments.
- ✓ Proven track record in designing and implementing logic for business requirement, ensuring coding standard.
- ✓ Extensive proficiency in C# for backend development.
- ✓ Proficient in integrating the functionality and collaboration with the business.
- ✓ Adept at working with APIs and utilizing tools such as Postman for efficient data handling.
- ✓ Experience in creating APIs using C# and seamlessly integrating them with UI.
- ✓ Demonstrated excellence in SQL development, showcasing the ability to construct intricate queries involving multiple tables.
- ✓ Capable of understanding business needs, collaborating with diverse groups, proposing efficiency-enhancing ideas, implementing technical solutions, and providing end-user training.
- ✓ Experience in conducting thorough code reviews and collaborating with team members to maintain a high standard of code quality and consistency.
- ✓ Proven ability to analyze and resolve complex technical issues, implementing effective solutions for smooth system operation.
- ✓ Skilful in identifying and optimizing performance bottlenecks in both code and databases for optimal system efficiency.
- ✓ Proven experience in C#, including Asp.net MVC, Asp.net Core, SQL, Html, CSS, Bootstrap, jQuery, JavaScript.

## Current Profile

HCL Tech as Analyst (1<sup>st</sup> Nov 2021 to 26<sup>th</sup> July 2024).

## Educational Qualification

| Year | Board                                             | Educational Qualification             |
|------|---------------------------------------------------|---------------------------------------|
| 2020 | Dr. APJ Abdul Kalam Technical University, Lucknow | B. Tech in Information Technology     |
| 2017 | BTE UP                                            | Diploma in Computer Science and Engg. |

## Technology Stack

|                  |                                                         |
|------------------|---------------------------------------------------------|
| Database         | SQL Server                                              |
| APIs and Tools   | Postman, Swagger, RestAPI                               |
| Programming      | C#, Java                                                |
| Framework        | .Net Framework                                          |
| Web Technologies | HTML, CSS, JavaScript, ASP.net MVC, Asp.net Core, React |
| Operating System | Windows 7/8/8.1/10/11, Ubuntu                           |
| Others           | Azure DevOps                                            |

## Professional Experience

*HCL Technologies Ltd. (Nov 2021 – July 2024)*

### Role: Analyst

Our dedicated team is committed to delivering resilient solutions and strategic business insights, empowering stakeholders to make well-informed decisions regarding their customer base. This meticulously planned project aims to furnish invaluable data and insights, thereby elevating decision-making capabilities throughout the organization. With a focus on innovation and excellence, we strive to exceed expectations and drive sustainable success for our clients.

### Responsibilities: -

- ✓ Design and implementation solutions as per business requirement.
- ✓ Proficient in crafting intricate SQL queries and stored procedures for efficient data retrieval and processing.
- ✓ Developing the APIs using C# for getting the robust solutions.
- ✓ Integrating the APIs with the web application (UI).
- ✓ Address and resolve technical issues during the development phase.
- ✓ Utilizing version control systems proficiently to track changes, collaborate with team members, and maintain a reliable codebase.
- ✓ Ensuring strict adherence to coding standards and best practices, contributing to the creation of maintainable and easily understandable code.
- ✓ Document code and development processes.

**Environments:** - .Net Framework, ADO.net, Asp.net MVC, Asp.net Core, Entity Framework, LINQ, Postman, Microsoft Visual Studio, SQL Server 2019.

## Certification

- ✓ Microsoft Azure Fundamental (AZ-900) certificate awarded by Microsoft.
- ✓ Microsoft Azure Administrator (AZ-104) certificate awarded by Microsoft.
- ✓ Minimal API with .Net Core certificate awarded by Udemy.
- ✓ Oracle SQL certificate awarded by Udemy.

## Hobbies

- ✓ Listening Bollywood songs
- ✓ Cooking
- ✓ Exploring new technologies
