EDUCATION

2018 - 2020
CSVTU BHILAI
- Master's in Computer Application

2014 - 2017
PRSU RAIPUR
- Bachelor's in Computer Application

SKILLS

- .NET Framework
- NET Core
- NET Core API
- C#
- ADO.NET
- AngularJS
- Client side Web Development
- JQuery
- Postman
- Docker
- SQL
- LINQ
- Python
- DJango
- Angular

PROFILE SUMMARY

Passionate .NET Developer with 3 years of experience with a strong background in ASP.NET, .NET Core, and MVC frameworks. Skilled in front-end development with JavaScript, HTML, CSS, AngularJS and Highcharts. Proven track record in implementing scalable solutions and optimizing application performance. Proficient in API development and integration, with a focus on enhancing user collaboration and data sharing capabilities. Dedicated to delivering high-quality software solutions while continuously learning and adapting to new technologies.

WORK EXPERIENCE

Patseer Technologies Pvt Ltd   2021 - PRESENT
Software Engineer

PatSeer is a comprehensive patent research and analytics platform designed to meet the diverse needs of patent professionals, researchers, and IP managers. It provides an intuitive and powerful interface for conducting detailed patent searches, analyzing patent landscapes, and managing intellectual property (IP) portfolios. The platform supports advanced search capabilities, allowing users to perform complex queries and retrieve relevant patent data from a vast database that includes global patent information.

- **Highcharts Implementation**: Developed and integrated dynamic data visualizations using Highcharts. Prepared and parsed server-side requests to display complex data charts on the client side.
- **API Development:** Contributed to the development and implementation of an API allowing users to share projects with different users, enhancing collaboration and data sharing capabilities.
- **Optimized Performance:** Improved application performance by refactoring critical code segments, resulting in a 30% reduction in load times and a smoother user experience.
- **Successful Project Delivery:** Played a key role in delivering a complex web application two weeks ahead of schedule, which led to increased client satisfaction and early project closure.
- **Bug Resolution:** Identified and resolved critical bugs in the application, reducing the bug report rate by 40% and significantly improving overall product stability.
- **Client Appreciation:** Received commendation from clients for providing exceptional support and delivering high-quality solutions that met their business needs.
- **Certification:** Achieved Core Java and Python Django certifications, enhancing my technical expertise and contributing to more efficient and robust software development.
