PROFESSIONAL SUMMARY

Java developer with expertise in leveraging Java and Spring Boot to develop high-performance and scalable applications. Strong foundation in data structures and algorithms, ensuring efficient and optimized code. Committed to delivering innovative solutions through a combination of technical prowess and problem-solving skills.

EDUCATION

ANNAMALAI UNIVERSITY

Master of Science

Major in Computer Science; Minors in Software Engineering

Regular 5 Years Integrated Course

Cumulative GPA: 8.32/10.0;

Chidambaram, TN

May 2024

VALLALAR MATRIC HIGHER SECONDARY SCHOOL

Major in Computer Science

Neyveli, TN

Jul 2017 - Jul 2018

UNIVERSITY PROJECT

STUDENT ATTENDANCE MANAGEMENT SYSTEM

JAVA, SPRING BOOT, THYMELEAF, MYSQL

- The Student Attendance Management System is a vital tool for educational institutions seeking to streamline attendance tracking processes, enhance transparency, and improve student engagement and academic outcomes
- By leveraging technology, the system empowers educators to focus more on teaching and student support, ultimately contributing to a more efficient and productive learning environment.
- The Student Attendance Management System built on Spring Boot is a modern and efficient solution designed to simplify the process of tracking and managing student attendance in educational institutions.
- Attendance management system keeps track of daily attendance. To generate the report for all the students and also each student separately. We can also send SMS to the parents of the students, who all are having the low attendance percentage.
- Utilized MVC architecture for separation of concerns and scalability.

ADDITIONAL

Technical Skills: Proficient in Java, Spring Boot Framework, Thymeleaf, MySQL, HTML/CSS, C, C++; Basic Knowledge in Python, C#, ASP.NET, Data Structure and Algorithm.

Hard Skills: Programming Languages, Communication, Content Writing, Cost Management.

Languages: Fluent in English, Tamil.

Course Certifications: Java Beginner Complete Course (Udemy).
