EDUCATION

Manonmaniam Sundaranar University Master of Computer Application	May 2024 8 CGPA
Sri Parasakthi College for Women Bachelor of Computer Science	April 2022 9 CGPA

EXPERIENCE

Dixsoft Business Solutions Front End Developer Internship	Feb 2024–April 2024
---	----------------------------

- Developed and maintained web applications using React.js and Material-UI (MUI) components, ensuring responsive and user-friendly interfaces.
- Conducted thorough testing and bug fixing to enhance application performance and reliability.
- Collaborated with the development team to implement and enhance user interfaces (UI) using React.js and MUI.
- Gained valuable experience in Front-End development processes, enhancing technical skills and problem-solving abilities.

PROJECTS

Pharmacy Management System

- Developed "Online Pharmacy Management System," a web app to automate pharmacy services and enhance efficiency. It streamlines record-keeping, medicine management, and allows users to purchase medicines online.
- Implemented using HTML5 and CSS for the design and interface, JavaScript and PHP for scripting, and MySQL Server for the database.

Agriculture Management System

- Developed "Agriculture Management System," an online platform connecting farmers and consumers. It features a seamless interface for showcasing products and facilitating direct interactions, promoting trust and efficiency in the agricultural sector.
- Built with HTML5, CSS, JavaScript, PHP for the front-end, and MySQL for the database.

Phone Store Web App

- Developed a "Phone Store Web App" using React.js with a homepage, product addition page, and a search functionality mimicking Google's search bar behavior. Implemented JSON-based local storage for data management, ensuring seamless user interactions and a smooth browsing experience with dynamic search adjustments.

OTHERS

- **Technical Skills:** Java, SQL, HTML, CSS, React.js, Python
- **Languages:** English, Tamil, Hindi (Conversational proficiency)

CERTIFICATIONS AND WORKSHOPS

- Participated in **TCS iON National Qualifier Test (NQT), Cognitive** - Scored **62.77%** in the Cognitive Skills assessment, covering Numerical Ability, Verbal Ability, and Reasoning Ability.
- Participated in International Workshop of INOAUG PowerGrad on Oracle APEX.
- Certificated in INOAUG on Oracle APEX – Fundamentals.
