SUMMARY

Software engineer with a strong background in developing web applications and backend systems using technologies such as React, Node.js, and ASP.NET Core. Seasoned in delivering high-quality features and collaborating with teams to enhance functionality and improve user experience. Competent in managing relational databases, JavaScript, and providing innovative solutions. Eager to leverage skills in software development and contribute to enhancing patient care outcomes at Olio.

SKILLS

- **Web Development:** React.js, Next.js, Node.js, Express.js, Bootstrap, Tailwind CSS, HTML, CSS, JavaScript, Material UI, Mvc.net, Debugging, ASP.NET CORE MVC, Formik, TypeScript, Single Page Applications
- **Backend Development:** ASP.net Core, ADO.net, C#, Java, SQL, MySQL, MongoDB, Redis, JWT, Entity Framework, Node.js, VB.NET, Backend language/framework
- **State Management:** Redux
- **Database Management:** Stored Procedure, MS SQL, MY SQL, Mango DB, LINQ, Relational databases
- **Development Experience:** Software development experience
- **Version Control:** SVN

WORK HISTORY

INDO-MIM

Aug 2023 - Present

Software Developer

Tirupati, India

- Experienced in IT domain with focus on developing Single Page Applications using React.js, ASP.NET Webforms, and .NET Web API.
- Proficiency in backend language frameworks including ASP.NET and Node.js.
- Familiar with using Microsoft SQL Server for database management including writing Joins, Views, Indexes, and Stored Procedures.
- Collaborated with back-end developers to design and enhance efficient APIs.
- Increased API performance, focusing on speed optimization.
- Managed end-to-end development milestones to align with user needs and optimize productivity.
- Corrected, modified, and upgraded software to improve the performance of web applications.

ISUZU MOTORS PVT. LTD

May 2019 - Mar 2020

Trainee Apprentice

London, United Kingdom

- Attended training courses to gain robust understanding of processes, techniques, and relevant industry standards.
- Learned and adapted quickly to new materials, processes, and operational programs.
- Completed administrative tasks including filling out timesheets and paperwork in adherence to company requirements.

EDUCATION

AudiSankara College Of Engineering And Technology

May 2023 - May 2023

Bachelor of Science, Mechanical Engineering

- **GPA:** 8.3

Aries Polytechnic College

Diploma

- **GPA:** 89.4

PROJECTS

INDO-MIM

Easy DC Software for External Suppliers of INDO-MIM

- Developed Easy DC Software for External Suppliers of INDO-MIM Using ASP.Net, SQL, C#, RDLC
- Developed Stored Procedure for SQL Server Integrated with IOT Applications and Making Fully Functioned Dashboard for OEE, KPI'S
- Managing User Rights of Cloud Databases, Local Databases and Protecting from SQL Injection
- Preparing RDLC Reports for Auditing Using ADO.NET
- Modbus Communication on energy meters, collecting data and Designing Dashboards for Visualization
- Generating report For ISO Audits Using ADO.NET
- Migrating Desktop Applications to Web Applications
- Developing Microservices for Applications
- Optimizing Monolithic Architecture Application Form Client and Server Side
