

Professional Summary

Dedicated Junior MERN Stack Developer with a solid foundation in front-end development and a passion for building user-friendly applications. Experienced in working with HTML, CSS, Bootstrap, JavaScript, React JS, Node.js, MongoDB, and SQL. Proven ability to collaborate effectively in team environments and deliver high-quality projects on time.

Technical Skills

- **Front-End:** HTML, CSS, Bootstrap, JavaScript, React Js
- **Back-End:** Node.js, Express.js
- **Databases:** MongoDB, SQL
- **Tools & Platforms:** Git, GitHub, Visual Studio Code

Professional Experience

Project Intern

Kirubai Technosoft | May 2024 – August 2024

- Assisted in developing and maintaining web applications using the MERN stack.
- Collaborated with senior developers to implement responsive and interactive UI components.
- Conducted testing and debugging to ensure optimal functionality and performance.
- Participated in code reviews and contributed to improving code quality and development processes.

Projects Worked

Hotstar Website

Technologies Used: HTML, CSS, Bootstrap, JavaScript, React JS, MongoDB, Node.js

- ❖ Developed a responsive web application replicating the Hotstar platform.
- ❖ Implemented features like user authentication and dynamic content loading.
- ❖ Utilized MongoDB for data storage and Node.js for back-end logic and provided API integration.

Car and Bike Website

Technologies Used: HTML, CSS, Bootstrap, JavaScript, React JS, MongoDB, Node.js

- ❖ Created a website featuring car and bike listings with detailed information.
- ❖ Implemented a user-friendly interface using Bootstrap and React JS for dynamic content updates.
- ❖ Managed data using a structured approach and integrated with RESTful APIs for real-time updates.

Music Player

Technologies Used: HTML, CSS, Bootstrap, JavaScript, React JS, MongoDB, Node.js

- ❖ Developed a web-based music player with a focus on a sleek user interface.
- ❖ Enabled features such as playlist management, music search, and playback controls.
- ❖ Designed for responsive use across various devices and screen sizes.

Weather App

Technologies Used: HTML, CSS, JavaScript, React JS, Open API Integration

- ❖ Built a weather application providing real-time weather information and forecasts.
- ❖ Integrated third-party APIs to fetch and display weather data dynamically.
- ❖ Implemented a clean and responsive design to enhance user experience.

Education

✧ B.Sc. Computer Science

KR College of Arts & Science, Kovilpatti | 2019 – 2022 CGPA: 7.70

✧ HSC

Rose Mary Matric. Hr. Sec. School, Tirunelveli | 2018 – 2019 Percentage : 55.1%

✧ SSLC

Rose Mary Matric. Hr. Sec. School, Tirunelveli | 2016 – 2017 Percentage: 79.2%

Certifications

Full Stack Development Course

Greens Technology | March 2023 – July 2023

Additional Information

Languages: English, Tamil
