INTERNSHIP EXPERIENCE

JSpiders, Java Full Stack

Bengaluru,KA

Java Full Stack Developer

- Developed **full-stack applications using Java**, integrating backend systems with responsive front-end designs to enhance mobile usability.
- Managed **SQL databases** for efficient data storage and retrieval, leveraging frameworks like **Spring** and **Hibernate** to streamline development processes.

PROJECTS

Product CRUD System Using Java and Spring Boot:

- **Designed and implemented** a full-stack application for efficient product data management, supporting CRUD operations, product search, and filtering.
- **Reduced response time by 30%** through optimized API calls and seamless SQL database integration.
- Utilized Spring Boot for backend development, Thymeleaf for UI, and MySQL for database operations, showcasing strong full-stack capabilities.

Dynamic Restaurant Website Development with Interactive Features:

- **Developed a responsive and user-friendly restaurant website**, including features like homepage, menu, gallery, contact form, and reservation system.
- Enhanced user engagement by implementing interactive elements and form validation, **reducing errors by 40%**.
- Utilized HTML, CSS, JavaScript, and Bootstrap to create a consistent and visually appealing design.

CERTIFICATIONS & EDUCATION

Java Full Stack Skills & Web Technology Certification:

- **JSPIDERS - Covered Core Java, Spring Boot, SQL, and web development with hands-on projects**

Java, Essentials of Java, Excel and Html Certification :

- **Microsoft - Gained expertise in Java fundamentals, Excel and HTML for web design.**

HTML, CSS, JavaScript Certification:

- **Geekster - Skills in frontend development, responsive design and interactive user interfaces.**

AWS Cloud Practitioner Essentials Certification:

- **Amazon Web Services (AWS) - Certified in foundational AWS cloud computing concepts.**

MS Ramaiah University of Applied Sciences

Bengaluru,KA

- **Bachelor of Technology in CE, CGPA - 7.2**

(2019-2023)

SKILLS & TOOLS

Technical Skills : Proficient in Java, Python, Spring Boot, React JS, HTML, CSS, JavaScript, Node JS, SQL, Windows, Linux.

Development Tools : Visual Studio Code, Eclipse, NetBeans, Visual Studio, GitHub.

Cloud Services: AWS.

Soft Skills: Time Management, Problem Solving, Creativity, Teamwork, Communication, Leadership, Critical Thinking, Analytical Skills, Collaboration, Project Management.

ACHIEVEMENTS & EXTRA CURRICULAR SKILLS

- **Built It Hackathon: 4th Position, State Level** (Cmrit, sponsored by Saint-Gobin), by leading a Team Leader to create a solution within 24 hours, resulting in a 15% increase in innovation.
- **TCS Career Enhancements** : Completed with top commendations, achieving 30% improvement in communication efficiency, 25% enhancement in mock simulation performance, and 20% faster email drafting.
