

PROFESSIONAL SUMMARY

To utilize my Master's degree in Computer Applications and strong programming skills to contribute to innovative software development. Eager to apply my knowledge of Java, software development lifecycle, and problem-solving abilities to deliver high-quality, efficient, and scalable solutions in a challenging software engineering role.

TECHNICAL SKILLS

- HTML
- CSS
- Java
- SQL
- OOPS concepts
- MS Office (Excel, Word ,PPT)
- GitHub(Tool)
- Visual Code
- Filmora (Editing)

INTERNSHIP

MAR-MAY 2023

Company: in22 Labs - Software and IT services.

Roles: Software Development, Data Science, AI, Cloud Computing.

Projects: Real-world applications and live projects.

Mentorship: Guidance from industry experts.

Skills: Technical (programming, software design and Software Testing) and soft skills (teamwork, communication).

Opportunities: Networking and career growth potential.

Benefits: Hands-on experience, stipend, completion certificate.

PROJECTS

Online Chat System

- User created real time communication platform seamless interactions in a multi-user environment.
- The messages of the user who texts first will be aligned to the right side of the chatroom and messages of the other left side.
Let us look at the implementation.
- **Front End:** Html Css Javascript Php
- **Back End:** SQL
- **Server:** XAMPP Server

Smart Virtual Assistant

- AI-powered voice assistant with natural language processing for intelligent interactions. This assistance connects with the world wide web to provide results that the user has questioned.
- Natural Language Processing algorithm helps computer machines to engage in communication using natural human language in many forms.
- **Front End:** Html Css and Javascript
- **Back End:** Python
- **Framework:** Flask
- **Libraries:** Voice Assistant, Speech Recognition, Text to speech etc..

EDUCATION

MEENAKSHI COLLEGE OF ENGINEERING

Master of Computer Application

Sept 2023

CGPA: 8.2

GURUNANAK COLLEGE

Bachelor of Computer Application

June 2021

Percentage: 84

CERTIFICATION

- CISCO Certification in Introduction Of Data Science
- CISCO Certification in Basics of Javascript
- CISCO Certification in Basics of Analytics
