Full Stack Developer

CAREER OBJECTIVE:

Interested to work with a company where I can work more efficiently and effectively which should benefit the company. I would be glad to work in a position which improves my professional skills.

INTERNSHIP:

CEDURA Test Sol Pvt Ltd — [May, 2024] to [Aug, 2024]

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript.
- Collaborated with the design team to implement user-friendly UI/UX.
- Debugged and optimized code to enhance website performance.
- Assisted in integrating front-end elements with back-end services.

SKILLS & TECHNOLOGIES:

- Operating Systems : Windows.
- Web Servers : IIS.
- UI Frameworks : Html, Css.
- IDE's : Visual Studio (2019), VS Code.
- Programming Languages: C#.Net, .net Core Web API.
- Database : MSSQL (2019).

PROJECT EXPERIENCE:

- **Title: User Management System**
Technology: Html, CSS, Web API (.net Core), SQL Server.
Role: Programming,
Brief Project Profile: Developed and maintained the user interface (UI) for customer registration, login, update, and deletion forms using HTML and CSS for frontend design. The backend was implemented using C# and the .NET Framework, handling business logic and database interactions. SQL Server was used for storing user data, while Apache Tomcat was utilized as the server.

ACADEMIC PROJECT:

- **Title: Breast Cancer Detection Using Deep Learning (MATLAB).**
Technology: MATLAB
Brief Project Profile: Developed a CNN-based deep learning model in MATLAB for early breast cancer detection, analyzing MRI images to identify cancerous patterns. This system enhances diagnostic accuracy and supports early intervention.

RESPONSIBILITIES:

- Good Understanding and working experience on .Net resources providers.
- Hands-on experience on deploying Web Designing Components based on customer request.
- Hands-on experience on developing latest code in to different application environments
- Collecting the software requirement by the customer and develop the application as per their requirement
- Provide technical support to the client and support the end-users for the final product
- Develop the guidelines and conventions not only for .NET but also for SQL Server, CSS, HTML and C#.

ACADEMIC DETAILS:

- B.Tech in Electronics And Communication Engineering from Avanthi's Research and Technological Academy (2023).

Place: Hyderabad
