EDUCATION

2021 - 2023

APCAS, Kalavai

- Master of Computer Applications
- CGPA: 8.16 / 10

2018 - 2021

APCAS, Kalavai

- Bachelor of Computer Science
- CGPA: 8.37 / 10

CORE SKILLS

- Programming Languages:
C#, .NET
- Web Technologies:
HTML, CSS, jQuery
- Frameworks:
ASP.NET, .NET Core, Entity
- Databases:
MySQL, SQL Server
- Expertise:
Web API, API Architecture Design,
Multi-tenant Architecture,
Debugging
- Agile Scrum Methodology

PROFILE

Experienced and detail-oriented software developer with a proven track record of designing and implementing scalable .NET-based solutions. Proficient in database management with SQL Server and multi-tenant architecture. Skilled in collaborating within Agile Scrum methodology to deliver high-quality, iterative solutions. Seeking to contribute to impactful projects in a dynamic development environment.

PROFESSIONAL EXPERIENCE

ISC Global Solutions Pvt Ltd.,
Junior Software Development

2023 - Present

ARCHRM

- Designed and developed a robust system to streamline employee onboarding/offboarding, scheduling interviews, payroll processing, etc.
- Built backend logic using .NET to handle scheduling conflicts, prioritization, and task dependencies.
- Optimized database queries in SQL Server to improve response times for complex scenarios.
- Ensured scalability of the application to accommodate increasing users and organizational data.

ARCTIME

- ArcTime application is designed to maintain and manage employee's check-in/out timings, scheduling tasks, etc.
- Mainly "Allocation" concept has been implemented for fund aided organizations, which made payroll processing easier.
- Played vital role in developing this application which includes database designing, structuring and API architecture (Monolithic).
- Implemented complex logic and validations for rendering the pages dynamically.
