PROFILE

Motivated and detail-oriented recent graduate with a Bachelor of Engineering in Electronics and Communication. Possess strong problem-solving abilities, effective communication skills, and a proactive mindset. Eager to apply academic knowledge and gain hands-on experience to contribute to organizational success.

PROJECT

Resume and Portfolio Generator

- Designed and built a web-based tool using React for real-time form input and dynamic preview generation.
- Enabled optional user authentication to save and manage multiple resume templates with secure login via JWT.
- Utilized MongoDB to store user preferences, templates, and data.

Multi-Vendor Marketplace

- Developed a full-stack web application for a multivendor marketplace using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built a vendor dashboard enabling product management, order tracking, and sales analytics.
- Enhanced performance with server-side rendering (SSR) and optimized API queries for faster loading times.
- Designed a responsive user interface using React.js to ensure usability across devices

WORK EXPERIENCE

Full Stack Developer Intern, Kodnest

September 2023 - April 2024

- Designed and implemented front-end features using React.js and built robust back-end APIs with Node.js.
- Collaborated with designers, product managers, and senior developers to deliver projects on time.
- Integrated third-party APIs and optimized data fetching, improving application performance by 20%.
- Identified and fixed bugs across the stack, enhancing application reliability and reducing crash rates by 15%.
- Implemented database indexing and query optimization techniques, reducing query time by 30%..

EDUCATION

Bachelor of Engineering & ECE - 7.73/10.00 GPA

TJS ENGINEERING COLLEGE

September 2018 - May 2022

SKILLS

- JAVA
- Core Java
- SpringBoot
- HTML
- CSS
- JavaScript
- SQL
- node.js
- React.js
- Git
