PROFILE

I am a versatile and adaptable professional with strong web development skills, including expertise in HTML, CSS, and JavaScript. I excel in communication and have proficiency in Python and Java. My technical skills encompass object-oriented programming, data structures, and database management systems (DBMS), enabling me to tackle complex problems and deliver effective solutions.

INTERSHIPS

Cognifyz | June 2024 - July 2024

- During my web development internship, I gained hands-on experience with HTML, CSS, and JavaScript. This opportunity allowed me to develop practical skills and contribute to creating dynamic, responsive web applications.

PROJECTS

Weather App

- Description: A user-friendly weather application providing real-time weather updates, forecasts, and alerts based on the user's location or specified cities.
- Technologies: HTML, CSS, JavaScript, React, Node.js, OpenWeather API
