AVRMV Matriculation Higher Secondary School, Ambasamudram, Tirunelveli.

(2018-2019) - Percentage: 76%

Certifications

Wintech Computer Education: Java SE Certificate

Java Full Stack Course: Completed Java full stack development.

Skills

Web Development: HTML, CSS, JavaScript.

Programming Languages: Java, PHP, SQL.

Projects

Online Course Registration System (July 2023 - October 2023):

- A web-based registration system that allows students to register for courses online.
- Ideal for schools, educational camps, corporate training programs, and online training programs.
- Students register by providing necessary details for their desired courses.

Real Estate Management System (January 2024 - April 2024):

- The Real Estate Management System is a web based application that allows users to manage real estate tasks online.
- It enables the addition, updating, and deletion of asset information.
- Admins can manage property transactions, including selling, buying, and cancellations.

Internship

Brassy Technologies, Tirunelveli

Role: Front-End Development

- Worked on the "Car Service System" project to streamline automotive service center operations.
- Developed using HTML, CSS, Bootstrap, and JavaScript.
- Enabled customers to schedule service appointments online.
- Optimized resource allocation and reduced wait times by efficiently managing appointment calendars.
