Professional Summary:

- .NET Developer with nearly **3 years** of experience in the software industry, specializing in **ASP.NET Core, C#, and SQL Server**.
- Skilled in requirement gathering, system analysis, development, and maintenance using Agile methodologies.
- Expertise in **ASP.NET Core MVC, Entity Framework Core, LINQ, and Web API** development for building scalable web applications.
- Proficient in database design, writing **SQL queries, stored procedures**, and working with Microsoft SQL Server (MSSQL).
- Strong knowledge of cloud platforms like **Microsoft Azure** and experience in deploying applications on web servers.
- Experienced in working with **JavaScript** and frameworks like **AngularJS** for front-end development.
- Hands-on experience with RESTful API development using ASP.NET Core Web API and Entity Framework Core.
- Skilled in implementing CRUD operations for web applications and ensuring high-performance application architecture.
- Familiar with **JIRA, Azure DevOps** and **Docker** for project management and experienced in working with Microservices architecture.
- Worked on crawler projects like **gogeeks.in** and ERP solutions such as **I-Vidyalaya Resource Management (ERP)** and **VAPS Management Software**.

Work Experience:

- **Software Developer | Senwell Group Pvt Ltd. (July 2024 – March 2025)**
 - Migrated services for **Gomocha** (gomocha.com) from .NET 4.8 to .NET 8, including transitioning **WCF services** to **Core WCF** and **ASP.NET Web API** to **ASP.NET Core Web API**.
 - Resolved ADA compliance issues, enhanced UI, and implemented feature improvements for **Crum & Forster Insurance** using ASP.NET Core MVC (6).
 - **Technologies:** C#, .NET (4.8, 6, 8), ASP.NET Core, Core WCF, Web API, HTML, CSS, JavaScript, SQL Server.
- **Software Developer | Vaps Technosoft Pvt Ltd. (September 2023 – April 2024)**
 - Contributed to **I-Vidyalaya Resource Management (ERP)**, a school/college management system, by handling Fees, HRMS, and Admission modules. Developed both backend and frontend for the Fees and HRMS modules and structured database tables.
 - Designed and implemented the **Legal module** from scratch in **VMS-Office Management Software**, an **office management application**, while managing the HRMS and Leave Management modules.
 - **Technologies:** C#, ASP.NET Web API, HTML, CSS, JavaScript, AngularJS, LINQ, Stored Procedures, SQL Server.
- **Software Developer | Singularity Devs Pvt Ltd. (March 2022 – August 2023)**

- Built a **self-check-in/check-out kiosk system** for hotels, ensuring smooth **backend** and **frontend** functionality.
- Developed an **E-Commerce Crawler** (gogeeks.in) to identify the lowest prices for **processors, motherboards, laptops, and SSDs**, focusing on efficient data extraction and user-friendly design.
- **Technologies:** C#, ASP.NET Core MVC, Entity Framework Core, HTML, CSS, JavaScript, SQL Server.

Educational Qualification:

- BE from Sathyabama University with **6.42 CGPA** in Electrical and Electronics.
- MTech from Techno India College (under WBUT) with **8.10 CGPA** in Electrical.

Technical Skills:

- **Programming Languages:** Proficient in C# and JavaScript for backend and frontend development.
- **Frameworks & Technologies:** Skilled in ASP.NET Core (3.1, 4.5, 6, 7, 8), Entity Framework Core, and LINQ for building scalable applications.
- **Web Technologies:** Knowledgeable in HTML, CSS, AngularJS, and ASP.NET Core MVC for creating dynamic web applications.
- **Databases:** Experienced in Microsoft SQL Server (2017, 2022) with expertise in optimizing Stored Procedures for performance.
- **Tools & Platforms:** Hands-on experience with Docker (containerization), Azure (cloud computing), Git (version control), and Jira (project tracking).
- **Development Methodologies:** Familiar with Agile, Scrum, and Waterfall for effective software development and project management.
