

Dinesh Chandra

Email: 2000dchandra@gmail.com | Mobile: 8175006741

Profile Summary:

- ❖ IT professional with Total **2.7 year** of experience in frontend and backend development application design, implementation of **object-oriented principles, software design patterns, solid principles, MVC, n-tier architecture, relational database design**, requirement gathering and analysis.
- ❖ Excellence knowledge of creating interactive user interfaces using **React JS, TypeScript, JavaScript, HTML5, CSS3** and **Bootstrap, React JS**.
- ❖ Knowledge of **Responsive Web Design** templates to meet cutting-edge technology requirements.
- ❖ Solid understanding of **object-oriented JavaScript, react-routing, authentication** and **authorization**.
- ❖ Excellence knowledge of **C#, MVC, LINQ, Entity framework, Asp.Net, Razor, Ado.Net** and **Web API's**.
- ❖ Experience of **database-first** and **code-first approach** with the **Entity Framework** to generate models and the **DbContext**.
- ❖ Strong experience in writing **LINQ to SQL, Entities, Objects** and **Dataset** queries.
- ❖ Excellence in relational database design using **MS SQL Server** to perform various database operations.
- ❖ Solid understanding of writing **table, procedure, view, function, trigger** and **indexes** to perform database operations.
- ❖ Experience of using **DataSet, DataAdapter**, and **DataTables** to hold data from the database.
- ❖ Understanding of **CRUD** operations including front-end to back-end with database development.
- ❖ Experience of creating and deploying **Web API's**.
- ❖ Proficiency in interacting with clients and understanding and translating requirements to technical specifications.
- ❖ Excellent verbal and written **communications**, planning and time management skills.

Technical Skills:

- ❖ **Front-end technologies:** JavaScript, TypeScript, React JS, HTML5, Bootstrap and CSS3.
- ❖ **Server-side technologies:** C#, Asp.Net Core, MVC, LINQ, Ajax, JSON, Entity Framework, Razor, Ado.Net.
- ❖ **Database:** MS-SQL Server.
- ❖ **Concepts:** Object oriented concept, solid principles, design patterns and agile/scrum methodologies.
- ❖ **Operating System:** Windows 10 and windows 7.

Professional Experience:

- ❖ **Ceasefire Industries Private Limited** as **Software Engineer** from Feb 2023 to till July 2024.
- ❖ **Alchemy Techsol India Private Limited** as **Dot Net Engineer** from July 2024 to till.

Academics:

Qualification	Board/University	Passing Year	Percentage (%)
10 th	UP board Allahabad	2015	77
12 th	UP board Allahabad	2017	80
B.Sc.	CSJMU Kanpur	2020	56.59
MCA	BVPDTBU Pune	2023	80

Projects Summary:

1. Project: Indusind Bank Project

Description: The system was designed using ASP.NET MVC, C#, Web API, SQL Server, and Entity Framework to ensure high performance, scalability, and security. The objective was to digitize and automate manual processes, integrate with third-party services, and provide a seamless customer experience through secure applications.

Responsibilities:

- ❖ Translate requirements to technical specification and provide the estimated time of completion.
- ❖ Coding, testing and deployment.

Environment: ASP.NET MVC, C#, LINQ, Web API, SQL Server, and Entity Framework, Angular8.

2. Project: Ceasefire Customer Relationship Management

Description: CCRM portal aim to manage the customers across the globe.

Responsibilities:

- ❖ Translate requirements to technical specification and provide the estimated time of completion.
- ❖ Coding, testing and deployment.

Environment: ASP.NET MVC, .Net Core, C#, LINQ, Web API, SQL Server, and Entity Framework, BootStrap, JavaScript, HTML5 and CSS3, React JS.

3. Project: E-Greetings -

Description: The EGreetings portal aims to send the greeting cards of birthday and anniversary to all employees of the branch. Employee can send the wish and greeting card for the occasions.

Responsibilities:

- ❖ Translate requirements to technical specification and provide the estimated time of completion.

Environment: .Net Core, .Net Core Web API's, LINQ, C#, Entity Framework, MSSQL, BootStrap, JavaScript, HTML5 and CSS3, React JS.

4. Project: Meeting Room Booking System -

Description: MRBS aims to book the meeting room for the conference meeting, client meeting etc.

Responsibilities:

- ❖ Translate requirements to technical specification and provide the estimated time of completion.

Environment: .Net Core, .Net Core Web API's, LINQ, C#, Entity Framework, MSSQL, BootStrap, JavaScript, HTML5 and CSS3, React JS.

Personal Information:

- ❖ **Languages:** Hindi and English
- ❖ **Date of Birth:** 10-Dec-2000
- ❖ **Marital Status:** Single
- ❖ **Present Address:** Mumbai India.

Declaration:

I hereby declare that all above-mentioned information is in accordance with fact or truth up to my knowledge and I bear the responsibilities for the correctness of the above-mentioned particulars.
